**F/26/101341 - Modular Classroom building for Special Educational Needs and Disabilities (SEND), with associated landscaping.
Location: Boorley Park Primary School, Nairn Road, Botley, Southampton, SO32 2SH**

Boorley Park School is located within the Boorley Park Development and was opened in September 2019.

Proposals

The school is seeking permission for a SEND single storey modular building to respond to increasing demand for specialist provision within the school.

It is stated that the building will be accessed via existing internal school pathways with no changes to existing site access arrangements. There will not be an increase in pupil or staff numbers with no additional parking requirements and no increase in vehicle movements.

Recommendation

From a review of the information contained in the application I am satisfied that this proposal will not have a significant impact on the highway. I therefore raise no highways objections to this application.

Yours faithfully,

Highways Development Planning
