Application No. T/26/101318

In pursuance of their powers under the above Act and in accordance with your application received on Monday 11 May 2026 the Council, as Local Planning Authority hereby
Consent To Tree Works For the following :

Description: Sweet chestnut (252-E):

I wish to carry out a 5-10% crown thin. specifically targeting inner epicormic growth, rubbing branches and unnecessary growth.

This is to help to try and prevent any issues with the long term health and stability of the tree. I feel this will help remove some weight and wind sail from the canopy, as the tree is growing very lateral.

Site:

The proposed work wont effect the shape or amenity of the tree.
