Representations:	None		
Parish Council:	No Comments Received		
Tree Officer:	No Objection		
Southern Water:	No Objection		

Site Visit:	Yes ☒	No ☐
Details: 5/06/2026		

Legislation:
Section 38(6) of the Planning and Compulsory Purchase Act 2004 states:- <i>"If regard is to be had to the development plan for the purpose of any determination to be made under the planning Acts the determination must be made in accordance with the plan unless material considerations indicate otherwise."</i>

Policy:
National Planning Policy Framework Planning Practice Guidance Development Plan: The <u>Eastleigh Borough Local Plan 2016-2036</u> The most relevant policies are Strategic policies S1 and S2; and Development Management policies DM1, DM2, DM11 and DM14. Supplementary Planning Documents: Quality Places; Residential Parking Standards; Character Area Appraisals.

Proposal:
The application is for the conversion of garage with alterations to front porch. The garage shutter would be replaced by two windows, raising the pitch roof by approximately 0.4m.

Assessment:
<u>Principle</u> The site is within the urban edge where the principle of development is acceptable, subject to the detailed matters according with the relevant planning policies.

Character and Appearance

Policy DM1 requires development to take full and proper account of the context of the site including the character and appearance of the locality and be well integrated with these (in terms of mass, scale, materials, layout, density, design and siting), both in itself and in relation to adjoining buildings, spaces and views.

The semi-detached dwelling is located within Patricia Close, to the north of Chapel Road in West End.

The properties within the Close are predominantly semi-detached with pitch roof and pitch roof over the integral single garage and porches. They also have large driveways, some having hedgerow or small walls to the front boundary.

The proposal is convert the existing garage to extend the existing kitchen and for the addition of a W.C, replacing the garage shutter for 2no. front windows. The alterations also include increasing the porch roof marginally and replacing 2no. windows and a door to the ground floor with a bi-fold door, and an additional door to the side.

The alterations to the front of the property are unlikely to be intrusive or noticeable within the wider streetscene therefore in keeping with the character of the area.

- The design of the proposals are suited to the host dwelling in terms of its form, scale and appearance.
- The development would not be an overdevelopment of the site, would retain sufficient amenity space and meet parking standards.
- The design and layout respects the character and appearance of the locality.

Residential Amenity

Policy DM1 amongst other matters, stipulates that all new development should not have an unacceptable impact upon residential amenities of both new and existing residents.

The proposed windows and door alterations are at ground floor, therefore unlikely to cause overlooking. The alterations to the pitch roof slope are considered as a minor increase and unlikely to cause overshadowing to the neighbouring properties as they benefit from good spacing.

- The development accords with guidance set out in the 'Quality Places' SPD in that there will be no unacceptable impact on the amenity of the neighbouring properties in terms of loss of privacy, light or outlook.

Highways and Car Parking

Policy DM13 requires that all new development has a safe and convenient access to the highway network, with Policy DM14 requiring 3no. car parking spaces to be provided for 4no.+ bedroomed properties.

The proposals would see a loss of a parking space within the curtilage of the dwelling however, the property benefits from a large driveway, big enough for at least 3no. cars to be parked on. Therefore the meets the requirements for parking as set out in the Parking Standards SPD.

Other material considerations

- There will be no adverse impact upon trees or other natural features worthy of retention.
- There are no likely significant impacts on the SPA.

Climate Change:

In July 2019, the Council declared a Climate Change and Environmental Emergency. In doing so it agreed, among other things, to: (a) put in place measures to ensure the Council's own operations and functions achieve carbon neutrality; (b) work with partners to aim for all projects and services delivered in the Borough to achieve carbon neutrality by 2030; (c) ensure that the Council's procurement policy recognises carbon neutrality as one of its primary considerations; and (d) recognise the urgency of action to mitigate and adapt to climate change in every decision taken by the Council. This is underpinned by the Climate and Environment Emergency Strategy 2020–2030 and the supporting Climate and Environmental Emergency Action Plan – Update June 2020.

The declaration of the Climate Change and Environmental Emergency demonstrates a strong commitment from the Council to achieve net zero. The NPPF, development plan and adopted local plan policy do not set this as a specific target, but it is a material consideration to be considered alongside all other material considerations. In any case addressing climate change is a core part of the NPPF and local plan policy. The need to support the economy is part of the Strategic Environmental Assessment for the adopted local plan, as is an assessment of climate impacts.

Equalities Implications:

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:

- A public authority must, in the exercise of its functions, have due regard to the need to:
 - a. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - b. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - c. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

When making policy decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. It is considered that this application does not raise any equality implications

Conclusion:

Recommendation:
