Landscape Proposals show the landscape finishes/ aesthetic only. This information has been produced for Planning Purposes. Refer to Engineers proposals for detailed specifications or levels for hard landscape including construction or build-ups or foundations and setting out. All below ground work to be carried out by Project Engineer.					
External light fitting types and locations are to be confirmed with the Electrical Engineer.					
All finish levels and final service coordination to be determined between the Engineer. Main contractor to determine exact location of services/drainage, this should be confirmed on site prior to commencement of works to avoid tree pit / services conflicts.
