Subject: RE: F/26/101495 - MONKS BROOK, 19 HURSLEY ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 2FS - Pollution Comments

Good morning Rebecca,

Thanks for consulting the Pollution Team on the planning application F/26/101495 for the installation of new external TV on goal post housing at MONKS BROOK, 19 HURSLEY ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 2FS.

I reviewed the updated information and proposed location and find this acceptable; however I would suggest the following conditions around no audio and operation hours :

- The external television hereby permitted shall not be operated with any form of amplified sound or audio output. No external speakers, sound bars, public address systems, or other audio amplification equipment shall be installed or used in connection with the television at any time.

Reason: To safeguard the amenities of nearby residential occupiers and to prevent undue noise disturbance, in accordance with the aims of the Local Plan and the National Planning Policy Framework.

- The external television screen hereby permitted shall not be operated outside the following hours:

09:00 to 22:00 Monday to Monday;

The screen shall be switched off outside of these hours.

Exceptions to these hours may only take place with the prior written approval of the Local Planning Authority. Any request for extended operating hours shall be submitted in writing to the Local Planning Authority in advance of the event and shall include details of the occasion and proposed operating times.

Reason: To safeguard the amenities of nearby residential occupiers and to prevent undue disturbance arising from the use of the external television screen.

Just to make it as clear as possible no audio means image only.

Thank you

Andre
