2. The Contractor shall not scale off this drawing for construction purposes, only figured dimensions shall be worked from.
3. All dimensions and levels are to be checked on site by the Contractor before the commencement of any work and any discrepancies reported to the Architect.
4. No responsibility can be accepted for errors arising on site due to unauthorised variations from the Architects drawings.

Revision

A perforated pipe land drain running parallel with the East boundary discharges into an open ditch running East to West before entering the surface water drainage culvert as shown. The culvert heads off to the North of the site to an unknown location. This is a historic arrangement of unknown origin. Land drain shown dashed.
