Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We consider the existing use of the land and buildings to be lawful because the property is currently approved as single-family dwelling (Class C3), which is a lawful and established use under the Town and Country Planning (Use Classes) Order 1987. There have been no enforcement actions or restrictions placed on the property that would render the current use unlawful.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C4 - Houses in multiple occupation

Is the proposed operation or use

- ☒ Permanent
☐ Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

+The proposed change of use to a small HMO (Class C4) is lawful under permitted development rights, as there is no Article 4 Direction in place that would restrict such a change of use in this area. Therefore, a full planning application is not required for this change of use.

+The loft conversion complies with permitted development rights, adhering to the size limits and conditions outlined in the General Permitted Development Order (GPDO). The loft extension volume will remain within the allowable 40 cubic metre limit.

- ☒ Yes
☐ No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
