

DC/26/101673 – 91B THE CRESCENT, EASTLEIGH

27/07/2026

Dear Rachael,

As the tree (or trees?) was removed prior to application, we are unable to know what category it was for the purposes of the Tree Replacement Policy. However, it is unlikely that the site, as approved, can take any more trees than those proposed under this DoC.

We defer to the Landscape Officer in relation to the proposal for trees and whether the site can accommodate them.
