

Eastleigh Borough Council Tree Preservation Order and Conservation Area Assessment Form

Application Number	T/26/101615					
Surveyor	IF					
Address	5 SYDNEY ROAD, BISHOPSTOKE, EASTLEIGH, SO50 6DJ					
Proposed work	1no. Silver Birch (T1) - On the side facing the house and garden a reduction of 2m to remove the branches that touch the roofs. On the side facing the road a reduction of 1.5m in order to clear the street light. 1no. Norwegian Spruce (T2) - Reduction of 1m all round, maintaining the present shape. 1no. Norwegian Spruce (T3) - Reduction of 1.5m on the southern side facing the telegraph pole to disentangle the branches from the phone lines. On the side facing the road a reduction of 1m maintaining the current shape of the tree. The branches of T1 are resting on roof of garage and house, potentially leading to the dislodging of roof tiles and consequent leaks. Branches are fouling the streetlight on Sydney Road and the telephone lines from the telegraph pole adjacent to house. T2 and T3 are fouling the telephone lines from the telegraph pole and the weight of the lower branches is resting on the telephone line to the house. All 3 trees are looking very heavy due to shallowness of their roots. To conduct routine maintenance on the trees within property's curtilage. They have grown very large since last pruned several years ago, do not want them to fall and cause damage or harm through lack of appropriate care.					
Assessment Date	28.07.2026					
Officer comments	TPO 383-E (G2) 1no. Birch and 2no.Spruce Trees are outside the fence and provide a good level of public amenity being located on the roadside. The trees have been pruned in the past with spruces being hard crown lifted and previous pruning points visible on the birch tree. Management has been driven by their proximity to the garage/property's roof and utilities. The proposed reduction is in line with the previously carried out management and is not likely to affect the tree's long-term health and vitality.
