For attention of Mr Osmond

Dear Sirs

Re: F/26/101685 At BROADWAY FARM, BROAD OAK, BOTLEY

Creation of two docking bays and 3m high acoustic fencing with associated car parking

In regard to application F/26/101685, having reviewed the information contained within the application pack, there would be **no objection** to the proposals from a highway perspective.

Access in and out of the highway is unchanged by the proposals, with the docking bays accessible on-site as shown via the submitted vehicle tracking drawings. Additionally, it is understood that they are a betterment of existing facilities, rather than being provided to increase site activities and onwards trips to and from the site.

In terms of the proposed fencing, this is located well away from the highway and will not impact on required visibility splays.

Yours faithfully,

Matt Grantham
