Details of the pre-application advice received

I have looked through the attached document and discussed this with a planning officer. As the boundary treatment is not to attach to the main dwelling, we do require further information. Could you send an elevational plan showing what the boundary treatment will look, with measurements, showing the neighbours at the rear. Currently the information you have provided does not discuss dimensions, this is important not only to check if consent is required, but you have excavated a large amount of soil which you are now proposing to infill, and the local planning authority needs to know where the boundary treatment will sit in relation to the works you are proposing, as well as the finish.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
