For attention of Mr Huckfield

Dear Sirs

Re: F/26/101854 At Land located on Allington Lane,

Retrospective application for creation of additional hardstanding for vehicular turning (to be used in conjunction with development approved under application F/24/96845 for change of use of land from agricultural to equestrian use and construction of stables with associated access track and turning area and widening of existing access from Allington Lane).

In regard to application F/26/101854, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highway perspective.

No changes are proposed at the access to the highway, and the increase to the on-site hard surfaced area will enable easier on-site turning which will be beneficial for users of the site.

Yours faithfully,

Matt Grantham
