The Town and Country Planning (Tree Preservation) (England) Regulations 2012
The Town and Country Planning Act 1990

Application No. T/26/101624

In pursuance of their powers under the above Act and in accordance with your application received on Thursday 30 July 2026 the Council, as Local Planning Authority hereby **Consent To Tree Works For** the following :

Description: 1no. Oak (T1) – Crown reduction of 2m by pruning selected branch tips throughout the crown, with all cuts made back to suitable natural growth points to retain a balanced and natural crown form.
The tree has begun to extend over the property and is in close proximity to the dwelling. Reduction will provide appropriate clearance from the building while maintaining the tree's health, structural integrity, and natural appearance. The works are minor in nature and will not adversely affect the tree's long-term vitality or its public amenity value. Regular management of the crown will help ensure the continued retention of this important tree within its setting.

Site: 7 BEECH ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 1LT

Subject to due compliance with the following conditions:

- 1 CONSENT TO: 1no. Oak (T1) – Crown reduction of 2m by pruning selected branch tips throughout the crown.
- 2 The tree works hereby consented shall be completed within 2 years of the date of this permission and shall be carried out in accordance with the approved details and to British Standard for Tree Work BS3998:2010

Note to Applicant: It is considered that, subject to compliance with the conditions attached to this permission, the consented tree works are acceptable because they will not materially harm the character of the area, the amenity of neighbours or highway safety, and are in accordance with the policies and proposals of the development plan and after due regard to all other relevant material considerations the local planning authority is of the opinion that permission should be granted.

Note to applicant: All works hereby consented should be carried out by a suitably qualified and insured tree surgeon. A copy of the decision notice should be given to the Tree Surgeon.

Note to applicant: Deadwood may be removed at any time without an application.

Note to applicant: Please be advised that the Wildlife and Countryside Act 1981 as amended, the Countryside and Rights of Way Act 2000 and the Conservation (Natural Habitats) Regulations 1994 protect ALL wild birds, their nests (whether in use or being built) and eggs and other wild animals including bats and their roosts in or adjacent to trees.

Note to applicant: The granting of consent does not give the applicant or their agent a legal right to enter land without the owner's permission.

Note to applicant: Advice regarding overhead utilities should be sought with the relevant service provider prior to commencing works.

Note to applicant: Please follow current recommended Bio-security measures - Further advice can be found at <https://www.trees.org.uk/News-Blog/News/Biosecurity-in-Arbiculture-and-Urban-Forestry-Po>

Note to applicant: Deadwood within trees provides a rich and important habitat; it can be a natural part of the trees life cycle. Consider retention of deadwood where it is safe to do so.

Yours faithfully
