Thursday 10 September 2026

Dear Ms Agombar,

Application No: CS/26/101980
Description: HCC consultation request : Creation of an external play area for replacement modular classroom on an area of grass currently used for informal play
Site: WYVERN TECHNOLOGY COLLEGE, BOTLEY ROAD, FAIR OAK, EASTLEIGH, SO50 7AN

Thank you for your consultation request on the above application. Eastleigh Borough Council raises No Objection to the proposal. However, we wish to make the following comments:

- The tree protection plan appears to state contractors will use ground protection ("interlocking ground protection boards, scaffold boards, steel plates or other suitable load-spreading surface") in the area where they are proposing to resurface. There is an obvious conflict here. Why do they need to protect the ground if they are only surfacing?

Yours faithfully

Nicholas Parker
Planning Manager
