

DESIGN & ACCESS STATEMENT

Trumpf Lasers
Unit 1 Wellington Park, Tollbar Way,
Hedge End, Southampton, SO30 2QU

Works

- 1) Increasing height of warehouse shutter door on west elevation from 2.5m high to 4m high.
- 2) Replacing metal fire exit door with glass fire exit door on south elevation.
- 3) New Trumpf sign to west elevation.

Design

The new warehouse door will match the existing warehouse door. There will be no design or visual changes as the building already has an industrial clad design aesthetic.

The new glazed fire exit door will match other glazed fire exit doors in the industrial park. This will not impact on the design of the industrial aesthetic.

The new Trumpf sign will be added. Unit 1 was previously a tenant client of Trumpf Lasers who own the industrial estate. Trumpf now has taken occupation of Unit 1 for additional warehouse space so a new sign is required. Each Unit 2-6 has signs fitted to the cladding so this additional sign will not affect the industrial aesthetic already in place.

Access

These works do not affect any access.

Statement Date: 23rd September 2026
