

REHAU RIO FLUSH FIT CASEMENTS

Project-specific selection replacing all previous Logik Ovolo S references

Fixed project options

- System:** REHAU Rio flush fit / TOTAL70 compatible
- External appearance:** flush sash with external chamfer
- Internal bead:** traditional low-level sculptured Heritage bead
- Joints:** full mechanical joint, as specified in the supplier quotation
- Glazing:** double glazed; safety and obscured glass where required
- Bars:** applied white PVCu astragal bars where shown in quotation, with matching internal spacer grid
- Finish:** white foil, except any expressly noted plain white item
- Cills:** 150 mm as quoted; retained masonry/opening interfaces unchanged
- Drainage:** concealed/base drainage
- Ventilation:** no trickle ventilators

The product is chosen for its flush external relationship, mechanically jointed timber-style appearance, low sightline bead and consistent white finish. All configurations and dimensions are cross-referenced to the supplier quotation dated 25 August 2026.

DIAGRAMMATIC JAMB PROFILE

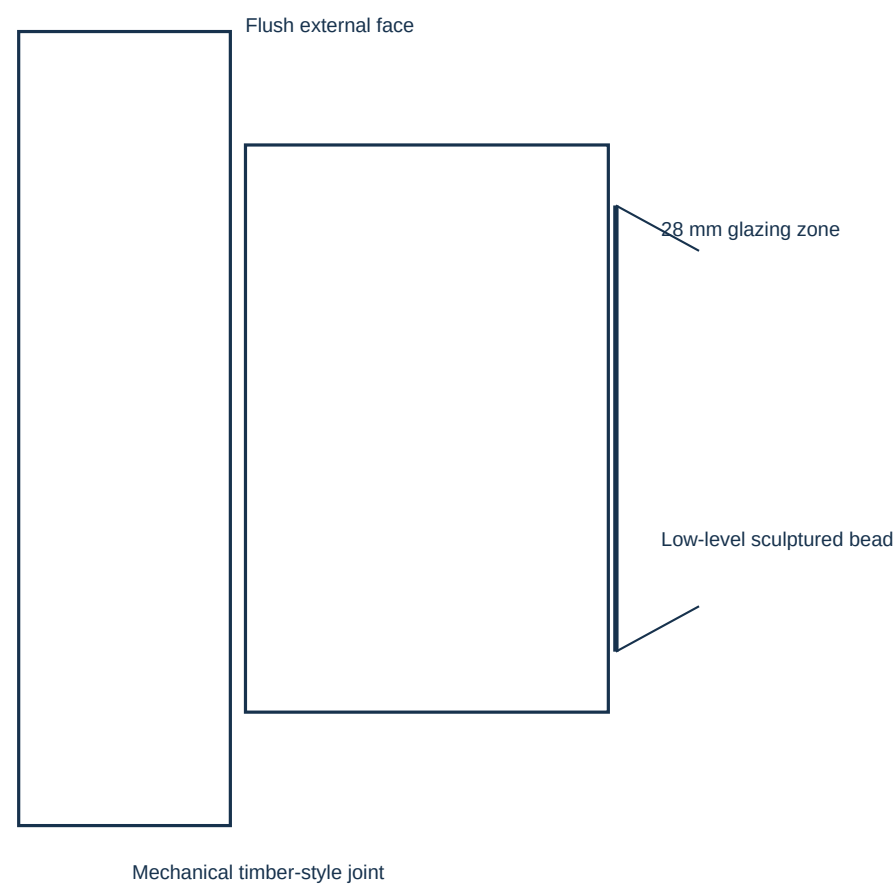

Diagram is explanatory only. REHAU system data and surveyed fabrication details govern.

LISTED BUILDING CONSENT

UPCOTT HOUSE, STATION HILL, BURSLEDON, SOUTHAMPTON SO31 8PQ
