

DELEGATED OFFICER REPORT

Application Ref: H/23/96530

Site Address: 12 PARK WAY, FAIR OAK, EASTLEIGH, SO50 7GY

Case Officer: Alexandra Stone

Description: Single storey rear extension replacing existing conservatory and raised patio.

Particular Site Constraints?	Yes ☒	No ☐
- Within Urban Edge - Southern Water Sewers – Foul & Surface Water		

Relevant Planning History	Yes ☒	No ☐
Z/15578/006/00 – Permit - 25/07/2001 Construction of rear conservatory		

Publicity:	Letters ☒	Site Notice ☐	Newspaper ☐
Representations:	None		
Parish Council:	No Comments Received		
Southern Water:	In order to protect drainage apparatus, Southern Water requests that if consent is granted, the following condition is attached to the planning permission; prior to the commencement of development, the developer must advise Southern Water, of measures which will be undertaken to protect the public sewers.		

Site Visit:	Yes ☒	No ☐
Details: 12/01/2024		

Policy:
National Planning Policy Framework Planning Practice Guidance
Development Plan: The <u>Eastleigh Borough Local Plan 2016-2036</u> The most relevant policies are Strategic policies S1 and S2; and Development Management policies DM1, DM2, DM11 and DM14.
Supplementary Planning Documents: Quality Places; Residential Parking Standards; Character Area Appraisals.

Assessment:
The development is considered acceptable and complies with policies DM1, DM11 and DM14 from the 2016-2036 local plan, in that:
<u>Principle</u>
The application is for a single storey rear extension measuring approximately 4m by 3m and raised patio. The patio area will be approximately 30cm in height.
• The development is within the urban edge where the principle of development is acceptable.

Design and layout

The proposed single storey rear extension replaces the existing conservatory in order to extend the existing dining room. The extension is slightly smaller in depth which would bring the rear of the proposed extension in line with the rear of the dwelling.

- The design of the single storey rear extension is suited to the host dwelling in terms of its form, scale and appearance.
- The development would not be an overdevelopment of the site, would retain sufficient amenity space and meet parking standards.

Residential amenity

The proposed extension is of single storey with pitch roof. It is noted that there is a side window proposed. Due to the boundary treatment and the window being of high level, it is unlikely to cause overlooking.

The proposed patio area is approximately 30cm high which is similar to what would be allowed under permitted development.

- The development accords with guidance set out in the 'Quality Places' SPD in that there will be no unacceptable impact on the amenity of the neighbouring properties in terms of loss of privacy, light or outlook.
- The design and layout respects the character and appearance of the locality.

Other material considerations

- There will be no adverse impact upon trees or other natural features worthy of retention.
- There are no likely significant impacts on the SPA.

Climate Change:

In July 2019, the Council declared a Climate Change and Environmental Emergency. In doing so it agreed, among other things, to: (a) put in place measures to ensure the Council's own operations and functions achieve carbon neutrality by 2025; (b) work with partners to aim for all projects and services delivered in the Borough to achieve carbon neutrality by 2030; (c) ensure that the Council's procurement policy recognises carbon neutrality as one of its primary considerations; and (d) recognise the urgency of action to mitigate and adapt to climate change in every decision taken by the Council. This is underpinned by the Climate and Environment Emergency Strategy 2020–2030 and the supporting Climate and Environmental Emergency Action Plan – Update June 2020.

The declaration of the Climate Change and Environmental Emergency demonstrates a strong commitment from the Council to achieve net zero. The NPPF, development plan and adopted local plan policy do not set this as a specific target, but it is a material consideration to be considered alongside all other material considerations. In any case addressing climate change is a core part of the NPPF and local plan policy. The need to support the economy is part of the Strategic Environmental Assessment for the adopted local plan, as is an assessment of climate impacts.

Equalities Implications:

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:

- A public authority must, in the exercise of its functions, have due regard to the need to:
 - a. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - b. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;

- c. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

When making policy decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. It is considered that this application does not raise any equality implications

Conclusion:

Recommendation:

PERMIT ☒

REFUSE ☐
