

Dear Ms Sharpe

I would like to object to the proposed extension to Hacketts as the planned building would not enhance the Conservation Area in any way.

It contravenes Policy BU4a in the plan for the Old Bursledon Conservation Area which stated that any extension should not exceed the volume of the dwelling as it was 1982 by more than 25%. Hacketts has already had several extensions and is far larger than the original house and this would extend it yet further and would make it very dominant as it is situated in a part of the village which has several listed buildings. It is very visible from the road which is part of the network of several important walking trails.

Policy 6-2-36 recognized that there had already been too many large extensions to houses in Old Bursledon and there should be stricter control of size of extensions permitted.

Most of the bungalows in the Old Bursledon Conservation area have had an extra floor added and this would create a precedent with yet another floor.

Yours sincerely

Jenny Leeves
(Old Post Office, Old Bursledon)
