Subject: Botley Parish Council - Planning App: F/23/96629 Land at Fieldfare Road, adjacent to the roundabout with Winchester Road

The Planning & Highways Committee has considered this application and agreed the following comments:

F/23/96629 Land at Fieldfare Road, adjacent to the roundabout with Winchester Road - Erection of 70-bed C2 Care Home with new vehicular access to Fieldfare Road (Boorley Gardens)

Some councillors raised a concern about the size and mass of the planned structure and considered this would be overbearing, given the flats on the opposite side of the roundabout and the structures currently being built on the edge of Boorley Park and on the other side of Winchester Road.

Generally, it was considered that there is a need for a care home but the original outline planning had been for retail/community/healthcare use.
