Dear Sir/Madam,

Proposal: Erection of 1.no 3-bedroom dwelling with associated parking, bin/bike storage and boundary treatments.

Site: F/23/96419: - West End Cottage, Swaythling Road, West End, Southampton, SO18 3HT.

Further to our response dated 20 December 2023 regarding the above planning consultation and additional information provided by the developer regarding onsite water trunk main. Southern Water would have the following comments to make:

Southern Water requires a formal application for a connection to the public foul sewer to be made by the applicant or developer.

To make an application visit Southern Water's Get Connected service: developerservices.southernwater.co.uk and please read our New Connections Charging Arrangements documents which are available on our website via the following link: southernwater.co.uk/developing-building/connection-charging-arrangements

The Council's Building Control officers or technical staff should be asked to comment on the adequacy of soakaways to dispose of surface water from the proposed development.

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.

For further advice, please contact Southern Water, Southern House, Yeoman Road, Worthing, West Sussex, BN13 3NX (Tel: 0330 303 0119).

Website: southernwater.co.uk or by email at: SouthernWaterPlanning@southernwater.co.uk

Yours faithfully,
