Hi Summer

Please see below Urban Design comments on the application above.

I have reviewed the information submitted by the applicant (dated: 12/05/2023) and the amendments have overcome the concerns raised on my previous consultation regarding the undesirable large footprint of building A and C as a consequence of being proposed as a semi-detached building (dated: 24/02/2023). I have no further objections.

Materials detail, including samples, can be conditioned provided that these follow the details set out in the Design and Access Statement and subject to case officer agreement.

I hope these comments are of help.

Kind regards
Marta
