Biodiversity net gain

Householder developments are currently exempt from biodiversity net gain requirements.

However, this exemption still needs to be confirmed by the applicant or agent when making a householder planning permission application.

☒ I/we confirm that the proposed development, if granted permission, would be exempt from the general biodiversity gain condition.

Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended) sets out that every planning permission granted for the development of land in England shall be deemed to have been granted subject to the 'general biodiversity gain condition'.

However, the 'general biodiversity gain condition' does not apply in relation to planning permission for a development which is the subject of a householder application, within the meaning of Article 2(1) of the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended).

Details of the pre-application advice received

Dear Jason,

Thank you for your email.

I have got the opinion of a colleague from the planning team who also sought advice from her colleagues and would advise that the proposed cladding would not be of a similar appearance to the tile shown in the below email.

As such, the proposals would not comply with Schedule 2, Part 2, Class B (B.2(a)) of the GPDO and would therefore require planning permission.

I have attached a planning application request letter which states that you must submit this within 28 days, unless you were to alter the materials used on the project.

Please let me know when you have submitted the planning application.

Thank you for your assistance with this matter.

Yours sincerely

Dave Buncombe

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
