Description of the Proposal

Please note in regard to:

- Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. [View government planning guidance on fire statements](#) or [access the fire statement template and guidance](#).
- Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or [view government planning guidance on determination periods](#).

Details of the pre-application advice received

'If you would like to submit a new application, then you can but this would be subject to an 8-week determination period and we would have to consider the impact on the area which has landscaping details already agreed to. The NMA and DC route would work as you have been advised and would most likely be quicker than a full app but normally this is provided by the original applicants and so are party to original drawings that can be easily amended. I understand your proposal only relates to unit 5 but by going through the original permission that relates to the whole site, we have to look at it as potentially amending the whole site. If you cannot provide details for the whole site to align with what was applied for by the original agent, and subsequently agreed, then a full application might be your easiest route.'

Following some difficulty retrieving the original drawings, we have decided to proceed with a Full Application. On 06-03-24 I spoke to Rachael Morris on the phone where she confirmed that we could submit an application that only relates to the affected area of the site and so would be exempt from some of the additional requirements associated with a Full Planning Application due to the size of the proposed demise (145sqm).

Note that we have also investigated and taken into consideration the requirement for an easement stated on a previous application for this site.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
