Dear Katherine,

Thank you for consulting Eastleigh Borough Council on this planning application. Having reviewed the proposals, we would make the following comment:

Eastleigh Borough Council raises no objection in principle but would endorse the comments within the consultation responses of Maral Miri of the Hampshire County Council Ecology Team and of the River Hamble Harbour Authority in relation to the requirement for additional information in respect of the ecological impacts on the River Hamble and implications for the navigational safety of its users.

Please note, I understand a letter was issued by our administrative team on Friday advising no objection to the application but admitting the above commentary. This letter was issued in error and therefore, please can it be disregarded and this be taken as the response of the Council to the planning application.

Please let me know if there are any queries on this.

Kind regards

David
