Wednesday 6 December 2023

Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/23/95499

In pursuance of their powers under the above Act and in accordance with your application received on Wednesday 2 August 2023 the Council, as Local Planning Authority hereby **Permit** the following :

Description: Garage conversion, single-storey flat roof side extension, and a new flat roof double garage attached to the side extension
(AMENDED DESCRIPTION)

Site: 1 HOME FARM, ST JOHNS ROAD, HEDGE END,
SOUTHAMPTON, SO30 4DF

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered: PE01 Rev E, PE02 Rev D, FPO1 Rev C, SLO1 Rev C, 14.1444.111 Rev D, 14.1444.121 Rev D, 14.1444.110 Rev C, LPO1, 14.1444.113 and 14.1444.120 Rev E

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall start no later than three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in type, colour and texture those used on the existing building.

Reason: To ensure a satisfactory visual relationship between the new development and the existing.

Note to Applicant: Exterior lighting must not illuminate any vegetation or bat or swift nest boxes, as this will deter occupation by these species.

Note to Applicant: It is recommended to add a bat brick and a swift brick for this building as biodiversity enhancements. The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west.

(<https://www.bats.org.uk/our-work/putting-up-your-box>) Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight.

(<https://www.swiftconservation.org/Nestboxes%26Attraction.ht>

Note to Applicant: It is requested that the building works are carried out considerably to minimise disruption to the occupiers of the neighbouring properties. The council operates a code of best practice, which is available on the council's website www.eastleigh.gov.uk by following the links to Planning and Building, Building Control, then select 'Considerate Builders Advice Note'.

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (September 2023), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Yours faithfully

A handwritten signature in black ink that reads "N Parker". The signature is written in a cursive style with a horizontal line underneath the name.
