Dear Ms Altman,

UNIT C, WOODSIDE TRADE CENTRE, 34 PARHAM DRIVE, EASTLEIGH, SO50 4NU

Installation of 5 windows to west elevation (first floor) to serve new internal first floor level

In regard to application F/24/96975, having reviewed the information contained within the application pack, there would be no objection to the proposals from a highway perspective.

Access in and out of the site from the highway is unchanged by the proposals, and it is understood from the associated 'Planning Design & Access Statement' that the proposals are to provide an increased stock room space; relocation of existing ancillary office space to the first floor; and to increase the size of the workshop area on the first floor. Onwards, it would appear that the updates are for the betterment of existing facilities rather than to increase the business size, as shown in the statement that staffing levels are to remain as existing.

Given this, it would not be anticipated that trips to and from the site would increase, and as such it is not anticipated that there will be an impact on the local highway network.

Yours sincerely,

Matt Grantham
