

Haywood office services Ltd café and meeting rooms statement.

The access will be shared with the existing entrances that we use daily as this is all that is required the larger items can come through our loading bay doors.

We are aiming to increase business and foot flow in the local community we are also looking to create more jobs for the local people with 2 part time jobs coming with the café and potential for more with maintenance and planning of meeting rooms.

We are also looking to work with a number of students from Southampton university to give the young people an opportunity to work in a live business and showcase their ideas.

Please any more information needed or any required information give us a call or come into the showroom and we can go over anything missed in more detail,

Kind regards,

Mark Haywood
