

Ecology response for F/24/96976 Southampton Car Park, Off Wells Place, Eastleigh, Eastleigh, SO50 5RD

Removal of the existing supporting steelwork, headframe, 9no. antennas and equipment cabin. Proposed Rooftop upgrade to the existing telecommunications installation. Proposed installation of a 10-metre stub lattice tower together with 3no. antennas, 4no. cabinets and associated ancillary works. Existing 1no. 300mm Dish to be relocated to new tower.

Rachael Morris

25/3/24

There are records of bats in this area. There is also potential for nesting birds. The existing cabin proposed to be removed and any area near the proposed works which would be impacted by noise, dust or vibration must be checked for potential roost features by a suitably qualified ecologist. Biodiversity enhancements will be required in line with local and national policies. Suitable enhancements must be recommended in the ecology report.
