

DELEGATED OFFICER REPORT

Application Ref: H/24/96796

Site Address: 43 RANDALL ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 5AJ

Case Officer: Alexandra Stone

Description: Extension of front hall to include canopy and steps and alteration to fenestration.

Particular Site Constraints?	Yes ☒	No ☐
- Within Urban Edge - Tree Preservation Orders		

Planning History?	Yes ☒	No ☐
Z/06183/003/00 – Permit – 21/07/1995 Two storey side and single storey rear extensions		

Publicity:	Letters ☒	Site Notice ☐	Newspaper ☐
Representations:	<u>45 Randall Road (Summarised):</u> The development is bigger than neighbour had told them and beyond the building line. Can we insist the materials are to match existing tiles. <u>Officer comment:</u> There is a variety of porches within close proximity to the dwelling. The application is assessed based on what has been submitted.		
Parish Council:	No Comments Received		
Tree Officer:	No Objection		

Site Visit:	Yes ☒	No ☐
Details: 20/02/2024		

Policy:
National Planning Policy Framework Planning Practice Guidance Development Plan: The <u>Eastleigh Borough Local Plan 2016-2036</u> The most relevant policies are Strategic policies S1 and S2; and Development Management policies DM1, DM2, DM11 and DM14. Supplementary Planning Documents: Quality Places; Residential Parking Standards; Character Area Appraisals.

Assessment:
The development is considered acceptable and complies with policies DM1, DM11 and DM14 from the 2016-2036 local plan, in that: <u>Principle</u> The application is for an extension to the front hall with porch canopy to the front of the dwelling. The extension of the porch measures approximately 1.6m by 4m. The canopy

would sit in front of the porch measuring a further 1m by 2m approximately with steps down to the driveway.

- The development is within the urban edge where the principle of development is acceptable.

Design and layout

The dwelling is located towards the southern end of Randall Road, close to Queens Road. The street has a variety of different style of porch, including pitch roof and flat roof over both the porch and garage. The proposed porch has a pitch roof with a small canopy in front. The addition of the small canopy would not be overly noticeable within the street scene due to the large hedging and trees within the front garden therefore an acceptable addition.

- The design of the front porch and canopy is suited to the host dwelling in terms of its form, scale and appearance.
- The development would not be an overdevelopment of the site, would retain sufficient amenity space and meet parking standards.
- The design and layout respects the character and appearance of the locality.

Residential amenity

It is noted that there is a window to the side and front of the extension. This will overlook the public realm which is expected and accepted.

- The development accords with guidance set out in the 'Quality Places' SPD in that there will be no unacceptable impact on the amenity of the neighbouring properties in terms of loss of privacy, light or outlook.

Other material considerations

- There will be no adverse impact upon trees or other natural features worthy of retention.
- There are no likely significant impacts on the SPA.

Climate Change:

In July 2019, the Council declared a Climate Change and Environmental Emergency. In doing so it agreed, among other things, to: (a) put in place measures to ensure the Council's own operations and functions achieve carbon neutrality by 2025; (b) work with partners to aim for all projects and services delivered in the Borough to achieve carbon neutrality by 2030; (c) ensure that the Council's procurement policy recognises carbon neutrality as one of its primary considerations; and (d) recognise the urgency of action to mitigate and adapt to climate change in every decision taken by the Council. This is underpinned by the Climate and Environment Emergency Strategy 2020–2030 and the supporting Climate and Environmental Emergency Action Plan – Update June 2020.

The declaration of the Climate Change and Environmental Emergency demonstrates a strong commitment from the Council to achieve net zero. The NPPF, development plan and adopted local plan policy do not set this as a specific target, but it is a material consideration to be considered alongside all other material considerations. In any case addressing climate change is a core part of the NPPF and local plan policy. The need to support the economy is part of the Strategic Environmental Assessment for the adopted local plan, as is an assessment of climate impacts.

Equalities Implications:

Section 149 of the Equalities Act 2010 created the public sector equality duty. Section 149 states:

- A public authority must, in the exercise of its functions, have due regard to the need to:
 - a. eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under this Act;
 - b. advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it;
 - c. foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

When making policy decisions, the Council must take account of the equality duty and in particular any potential impact on protected groups. It is considered that this application does not raise any equality implications

Conclusion:		
Recommendation:	PERMIT ☒	REFUSE ☐
