Dear Rachel,

Thank you for the additional information. Sport England has reconsulted the RFU on these details and we have received the following comments and advice:

The RFU welcomes the submission of the drawing titled 'Line Marking' which confirms that the rugby markings will be white and cut in as the primary sport on the surface. While the drawing also confirms the pitch dimensions, the applicant is advised that the pitch should be built in accordance with World Rugby Law 1, with particular reference to the required 5m run off. Where this is found to be impracticable, an ongoing risk assessment should be conducted by the facility owner / operator in respect of safety issues and the standard and nature of rugby activities. While the socketed post specification is noted, the applicant is advised to consider the operational requirements (time, personnel, etc.) in relation to changing between sports and the impact that this may have on bookings/usage. The applicant may wish to consider a hinged solution which could provide greater operational flexibility.

Sport England welcomes the additional details provided and is satisfied that the condition can be fully discharged.

Many thanks

Owen Neal (MRTPI)

Rachael,

Please see attached the following drawing and specifications which should provide the requisite detail for Sport England:

1. Proposed line markings
2. Proposed corner pole and socket specification
3. Proposed rugby post specification (see also <https://www.harrodsport.com/aluminium-rugby-posts-12m-socketed/p-rug-201>)

If this information could be passed to Sport England for review, we'd be grateful.

Many thanks,

Ben.

Hi Ben,

Please find attached the Sport England comments in response to your discharge of condition application at Wide Lane Pavilion.

There is some further detail required.

Kind regards,
Rachael
