Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/23/96615

In pursuance of their powers under the above Act and in accordance with your application received on Friday 22 December 2023 the Council, as Local Planning Authority hereby **Permit** the following :

Description: Single storey rear extension, raised decking area and alteration to fenestration (AMENDED DESCRIPTION)
Site: THE BORDERS, BURSLEDON ROAD, HEDGE END, SOUTHAMPTON, SO30 0DA

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered: 01, 02, 04, 05, 06, 07, and 08.

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall start no later than three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in type, colour and texture those used on the existing building or otherwise be in accordance with the following plan numbered: 07.

Reason: To ensure a satisfactory visual relationship between the new development and the existing.

Note to Applicant: It is recommended to add a bat brick/box and a swift brick/box for this building as biodiversity enhancements. The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west. (<https://www.bats.org.uk › our-work › putting-up-your-box>) Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight. (<https://www.swiftconservation.org/Nestboxes%26Attraction.htm>)

Note to Applicant: Southern Water requires a formal application for any new connection to the public foul sewer to be made by the applicant or developer. To make an application visit Southern Water's Get Connected service: developerservices.southernwater.co.uk and please read the New Connections Charging Arrangements documents which are available on the website via the following link: southernwater.co.uk/developing-building/connection-charging-arrangements.

Initial investigations indicate that there are no public surface water sewers in the area to serve this development. Alternative means of draining surface water from this development are required. This should not involve disposal to a public foul sewer and should be in line with the Hierarchy of H3 of Building Regulations with preference for use of soakaways. gov.uk/government/publications/drainage-and-waste-disposal-approved-document-h

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site.

Note to Applicant: It is requested that the building works are carried out considerately to minimise disruption to the occupiers of the neighbouring properties. The council operates a code of best practice, which is available on

the council's website www.eastleigh.gov.uk by following the links to Planning and Building, Building Control, then select 'Considerate Builders Advice Note'.

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (December 2023), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Yours faithfully

A handwritten signature in black ink that reads "N Parker". The signature is written in a cursive style with a horizontal line underneath the name.
