Hi Rebecca,

Thanks for sending the waste transfer tickets confirming the disposal of soils of site. I also noted that the applicant confirmed there was no unexpected contamination encountered throughout construction. The information supplied confirmed the remediation measures proposed by EPG within the Remediation Method Statement for Land East of Knowle Lane. Fair Oak. Version 1.0. August 2023. Reference PG/8615/2023/RMS/V1 were implemented successfully in the above site. All the information received satisfy Condition 5 – F/23/94668; therefore, I can recommend its full discharge.

I hope the above information is of assistance.

If you have any further queries, please do not hesitate in contact me.

Best regards,

Yacklin
