Wednesday 17 April 2024

Dear Sir/Madam

**Application No:** CS/24/97230  
**Description:** Southern Water Consultation: Hampshire Water Transfer and  
Water Recycling Project Statement of Community Consultation  
**Site:** Havant Thicket Reservoir to Otterbourne Water Supply Works

Thank you for consulting Eastleigh Borough Council on the draft Statement of  
Community Consultation, in accordance with section 47 of the Planning Act 2008.

The Council consider that the draft Statement of Community Consultation (SoCC)  
generally describes appropriate methods of informing and inviting comment from  
relevant stakeholders and communities in relation to the proposed development,  
subject to the following detailed points:

- **Section 7: Who we will consult** - the 1st bullet point should be amended to read "Consultation Zone A comprises affected landowners, tenants and businesses within the draft Order Limits" to reflect what is listed in the Letters section in the Table in Section 8.
- **Section 7: Who we will consult** – as businesses as well as people living within Consultation Zone B should be sent leaflets, the 2nd bullet point should be amended to read "Consultation Zone B comprises businesses and people living within 1km of the draft Order Limits" to make this clear.
- **Section 8.2: Deposit Locations** - it is unclear why the locations have been listed in this order. It may be more appropriate to list them alphabetically

like they were in the previous draft of the SoCC, or geographically, so it is easier for people to find their nearest location.

- **Section 11: How we will respond to consultation feedback** – there appears to be a typographical error in the last sentence, with it making more sense if it reads “..how we have considered issues...” or “ ...how we have been considering issues...”

Yours faithfully

A handwritten signature in black ink, appearing to read "N Parker", with a horizontal line drawn underneath the name.
