Non-Material Amendment(s) Sought

Please describe the non-material amendment(s) you are seeking to make

Please state why you wish to make this amendment

A structural engineer has reviewed the original plans and has recommended two lanterns going across rather than one from top to bottom. The original plan would mean several steel beams would be required to support the skylight due to the wooden joist going across. By changing from a single big skylight to two lanterns, it will negate the requirement of having expensive steel beams and provide improved, even light coverage.

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member

- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
