

H/24/97212 - 26 LAKEWOOD ROAD, CHANDLER'S FORD

Hi Claire,

There are a number of significant trees on site and on neighbouring land, some of which are subject to Tree Preservation Orders. As no arboricultural information has been provided, it is not currently possible to assess the impact of the proposals.

As per the Trees and Development SPD, and British Standard 5837, we request arboricultural information in order for us to be able to make more appropriate comments.

Kind regards,

Chris.
