Members of the Planning & Highways Committee have considered this application and agreed the following comments:

F/24/96940 - 2 Bridge Cottages - Retrospective: Change of use of land from field / woodland to storage area for vehicles and plant (Use Class B8) with new enlarged entrance to highway and gates and fencing.

Object

Whilst members noted part of the area is already used for Class B8 and this is a retrospective application. However, the site is within the countryside gap and therefore as a matter of principle, members felt the erosion of the countryside gap should not be allowed.
