Plan No F/23/95271

Dear Alex

With regard to the above plan, this is not an objection, just to point out something on the plan with regard to the boundary in between the rear of my house and the outline in red of No17 O'Connell.

The plan gives the the side of my garden shed as the boundary. This is incorrect, it is further away from my shed and as my neighbour has stacked his belongings right up to the shed , there is an impression that the strip of land he has used is his and I would like to point this out before the land is sectioned off for the proposed new property, I do not want to have to sort this out afterwards . If you could make a note of this on the plan I would appreciate it.

Regards Mrs H McArdle (No2 Spencer Road, SO50 9GR)
