Dear Mr Huckfield,

**DRAPER TOOLS LTD, HURSLEY ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 1YF**

**Consent to display 1no. freestanding partially illuminated totem sign (sign A), 4no. non-illuminated (signs B, C, D and E) and 1no. externally illuminated (sign F) freestanding panel signs to outer boundary, and 4no. non-illuminated (signs G, I, J and K) and 1no. internally illuminated (sign H) fascia signs to main building**

In regard to application A/24/96965, following on from the previous HCC Highway response dated 12 March 2024, additional information has been forwarded by the Case Officer from the applicant (dated 30/04/2024).

This outlines confirmation that:

- i) The illuminated totem sign has been removed from adjacent to the site entrance, along with the illuminated sign to be sited further along Hursley Road due principally to visual concerns;
- ii) All signs fronting Hursley Road have been pushed back a minimum of 2.4m from the highway edge to ensure they do not impede on visibility splays; and
- iii) In regard to clarification of HGV movements in and out of site, it has been confirmed by the applicants that 'the majority of our warehouse operations which would involve lorry movements have moved to our other site in North Baddesley, so there is minimal lorry movements now. The access entrance to the self-storage facility is for

Director of Hampshire 2050  
Garry Westbrook

self-storage customers only by way of coded access and fencing around the self-storage parking area (on the north side of the site);

iii) Finally, it has also been confirmed that all the 'no entry' signs will be removed from the access junctions into site from Hursley Road prior to the opening of the self-storage facility.

Given the above, there would be no objection to the proposals from a highway perspective.

Yours sincerely,

Matt Grantham
