Rebecca,

Re: F/24/97312
Our reference: SOU 24026

I refer to your consultation request received in this office on the 8th May 2024.

The proposed development has been examined from an aerodrome safeguarding perspective and does not conflict with safeguarding criteria. We, therefore, have no objection to this proposal.

Please note the following informative to be included alongside any planning approval.

Given the nature of the proposed development it is possible that a crane may be required during its construction. We would, therefore, draw the applicant's attention to the requirement within the British Standard Code of Practice for the safe use of Cranes, for crane operators to consult the aerodrome before erecting a crane in close proximity to an aerodrome. This is explained further in Advice Note 4 – Cranes (available at [https://www.aoa.org.uk/policy-campaigns/operations\[1\]safety/](https://www.aoa.org.uk/policy-campaigns/operations[1]safety/)).

Thanks

Dan
