Town and Country Planning Act 1990
The Town and Country Planning (Development Management Procedure) (England)
Order 2015

Application No. H/24/97117

In pursuance of their powers under the above Act and in accordance with your application received on Monday 25 March 2024 the Council, as Local Planning Authority hereby **Permit** the following :

Description: Construction of dormer window to rear roofslope
Site: 37 CLANDON DRIVE, EASTLEIGH, SO50 4QQ

Subject to due compliance with the following conditions:

- 1 The development hereby permitted shall be implemented in accordance with the following plans numbered:

Existing Ground and Roof Plans - EX1
Existing Elevations - EX2
Location Plan - LOC001
Proposed Site Layout - SK-200 B
Proposed Floor Plans - SK1-A
Proposed Roof Plan - SK2-A
Proposed Elevations - SK3-A

Reason: For the avoidance of doubt and in the interests of proper planning.

- 2 The development hereby permitted shall start no later than three years from the date of this decision.

Reason: To comply with Section 91 of the Town and Country Planning Act 1990.

- 3 Notwithstanding the approved plans, no development shall start until details and samples of the materials to be used in the construction of the external surfaces of the development hereby permitted have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason: To ensure a satisfactory visual appearance in the interest of the amenities of the area.

- 4 The first floor window on the northwestern elevation serving the bathroom [as marked on the approved plan SK3-A] shall be obscure glazed to Pilkingtons level 3 or equivalent and be top opening only, unless the window is positioned at least 1.7 metres above the floor of the room in which it is installed.

Once installed the window shall be permanently maintained in that condition.

Reason: To protect the amenity and privacy of the adjoining residential properties.

- 5 The development hereby permitted shall not be brought into use until a minimum of three car parking spaces have been provided within the curtilage of the site and thereafter maintained and kept available.

Reason: To ensure the adequate provision of on site parking for the purpose of highway safety.

Note to Applicant: In the unlikely event of any bats being found during demolition or construction, all work must stop immediately, and Natural England must be called. Additional information is available on the Bat Conservation Trust website at <https://www.bats.org.uk/advice/im-working-on-a-building-with-bats/ive-found-a-bat-during-works>

Note to Applicant: Biodiversity enhancements will be required in accord with Local Plan policy DM 11 and NPPF paragraph 180. A bat brick and a swift brick may be appropriate for this building.

The Bat Conservation Trust recommends installing a bat brick/box at least 4 m above the ground, away from artificial light sources, sheltered from strong winds and exposed to the sun for part of the day, facing south, south-east or south-west. (<https://www.bats.org.uk-our-work-putting-up-your-box>)

Swift nest boxes are best positioned under the eaves or on walls facing north, northeast or north-west out of direct sunlight, five metres above the ground, with clear adjacent airspace so swifts can access them in a high-speed direct flight. (<https://www.swiftconservation.org/Nestboxes%26Attraction.htm>)

Note to Applicant: In accordance with paragraph 38 of the National Planning Policy Framework (December 2023), Eastleigh Borough Council takes a positive approach to the handling of development proposals so as to achieve, whenever possible, a positive outcome and to ensure all proposals are dealt with in a timely manner.

Yours faithfully

A handwritten signature in black ink that reads "N Parker".
