D. COUNCIL/DECISION

Council: EASTLEIGH

Council Contact Name: None Given

Telephone Number: 02380 688000

Full title of tree preservation order (if known):

Date of Council's decision (if applicable): 17 NOV 23

E. APPEAL

Please tick only the relevant boxes.

I am appealing against:

The Council's refusal of consent ☒

The Council's failure to issue a decision (deemed refusal of consent) ☐

Condition(s) attached to the consent ☐

The Council's refusal to agree a matter that required their agreement under the terms of a condition of consent. ☐

F. GROUNDS OF APPEAL

Please provide at least one reason for each of the boxes you have ticked in section E. You must explain fully why you disagree with the council's decision, where one has been issued. To do this, you need to go through the reasons for the decision, and explain why you disagree. Only the reasons within the council's decision and the reasons put forward by you at application stage should be included on your appeal form. You should not introduce any new reasons for the appeal.

Your appeal should relate to the same works as those specified in your application to the council. Exceptionally we may be able to accept your appeal even if you are seeking a variation to the works originally applied for. We will only be able to do so if the changes do not materially alter the nature of the application and, if no one who should have been consulted about the proposed works would be prejudiced by our doing so. For instance, you may have originally applied for consent to crown thin a tree by reducing the percentage of leaf area by 20%, whereas on appeal you may seek a lesser reduction of 10%. However if on appeal you appear to be seeking more works than originally applied for, it is recommended that you submit a new application to the council rather than seek to amend your original application at appeal stage because the Inspector will not consider any works above those which were put forward in your application form.

Similar limitations apply in respect of the reasons you give for seeking consent, especially under the fast-track procedure where the council has no opportunity to respond to your grounds of appeal. The Inspector will only consider the matters that were before your council when the decision on your application was made. This means that if the reason you submitted on your application form was that the tree was causing overshadowing, you should not, on appeal make a claim that tree roots are causing subsidence. If you want to make a different case for the work applied for you should make a fresh application to the council.

We will also look at the original application to check that it clearly specifies the proposed work. If we decide that the works you have applied for are so vague that we cannot be sure how much work is involved, we may decide that the appeal is invalid and reject it. For example it is not sufficient to specify that you want to remove some of the lower branches, or you wish to reduce the tree by 15%. This is too vague and fails to indicate the extent of the works.

If you choose the recommended Fast Track appeal procedure (see section G) the reasons you set out below will be treated as your statement of case. It is important that you set them out in full because you will not get an opportunity to add to them later.

The decision on your appeal will take into account the contribution that the tree(s) make to the character and appearance of the area and the reasons set in support of your application/appeal. Please bear in mind that the Planning Inspectorate has no jurisdiction to resolve allegations of maladministration or complaints about the time taken by the Council to issue a decision, since such matters are not relevant to the merits of the proposal.

If you are appealing to fell a tree or against a condition requiring replacement planting please indicate the species and size of any tree(s) you would be prepared to plant if the appeal were to be allowed:

Number of trees and Species:

YES - SORBUS OR BETULA

Size:

8-10

F. GROUNDS OF APPEAL (cont)

The appeal is made with the following reasons.

- 1) It is not accepted that the tree is an amenity tree – there do not appear to be any objections to the proposed felling.
- 2) The officer report states that “the tree can be seen from Forest Close” - If this is actually the case, it is very limited and certainly not a significant amenity value.
- 3) The officer’s report also states that the tree has some growth which is considered unnatural – This does seem to contradict the previous statement defining it as “amenity”
- 4) The tree was pollarded in 2018 for safety concerns as it was in decline and presented a viable threat with multiple targets beneath – It was hoped that the remaining tree could be managed to retain the structure, however, the tree continues to jettison sizable limbs. The applicant does have young children and is justifiably concerned about their safety – They don’t feel that this has been taken not consideration.
- 5) The species is not considered to be native or particularly “valued” – certainly in a pollarded state.
- 6) The size and proximity of this and the other Acacia on the site are completely inappropriate for a small garden and, whilst the applicant recognises the importance of retaining tree cover in the area, there should be a degree of pragmatism when making decisions
- 7) The applicant is concerned that the officer hasn’t visited the site but has made an assessment from the roadside and the adjacent close as they were in on the 9th and have no knowledge of anyone on site. Could the officer please confirm that they visited the site to assess the tree from the garden and tried to make contact with the applicant on the day.

Please continue at section K or on a separate sheet if necessary

G. PROCEDURE – (See Section 9 of the Guide for Appellants before making your choice)

Appeals dealt with by the Fast Track procedure are usually decided more quickly than those which proceed through a hearing or a more formal local inquiry and because of this we recommend the Fast Track procedure.

However, if you or the Council ask to be heard by the Inspector we will organise a hearing which will take the form of a round table discussion. In very exceptional cases, where complex legal matters are at issue, a substantial number of third parties are involved and/or formal cross examination is warranted, we may decide to hold an inquiry.

Please tick one box only.

I wish my appeal to be decided through the Fast Track procedure ✓

I wish to appear and be heard by an Inspector

H. SITE VISIT – Please note: no discussion about the merits of the case will take place during the site visit.

Are you willing for an Inspector to enter the site and conduct the visit unaccompanied?

☒ Yes

☐ No

If Yes, please give details below of anything the Inspector needs to know with regard to how to access the site:

If No, please outline below why this is not possible, why you need to be there or why you need to be represented during the Inspector's visit:

Are there any Health and Safety concerns that the Inspector will need to be aware of prior to the site visit?

☐ Yes

☒ No

If Yes, please detail the concerns below:
