Subject: Hampshire Water Transfer and Water Recycling Project - Summer 2024 Consultation

Some people who received this message don't often get email from hampshirewtwrp@southernwater.co.uk. [Learn why this is important](#)

Good afternoon,

Hampshire Water Transfer and Water Recycling Project

I am writing to you regarding Southern Water's statutory consultation on its Hampshire Water Transfer and Water Recycling Project (the Project). You have been identified as an individual or organisation that may be interested in the Project. The consultation is an opportunity for you to find out more about the Project and share your views on our proposals. Our section 48 notice is attached to this email. Under section 48 of the Planning Act 2008, this notice provides information on the statutory consultation, including dates, times and locations of the consultation events and the deposit locations. For ease, this is summarised below.

About the Project

We're transforming the way we source, treat and supply water across Hampshire. Creating a new, resilient and sustainable water supply will protect and enhance the county's rare and sensitive chalk streams, while maintaining supplies for our communities and the local economy.

The Project would use advanced treatment techniques to turn highly treated wastewater, that is usually pumped far out to sea, into purified recycled water at a new water recycling plant in Havant. This purified recycled water would be pumped via an underground pipeline to the Havant Thicket Reservoir where it would mix with spring water. Water from the reservoir would then be pumped along another pipeline to our Otterbourne Water Supply Works where it would be treated to strict drinking water standards before being sent into supply.

Statutory Consultation on the Project

Our statutory consultation is a key part of the planning process. Your views about the Project and how it may affect you will be considered as we refine our proposals before submitting our application for development consent.

Our eight-week consultation on the Project will run from **29 May 2024 until 23 July 2024**.

Since our last consultation in Summer 2022, we have carefully considered feedback from the consultation, our ongoing engagement and information from surveys we have undertaken to select our proposed pipeline routes and locations for above ground plant. We now want to know what you think about our proposals including:

- The Project overall
- The proposed pipeline routes
- The proposed water recycling plant
- Proposed above ground plant along the pipeline route
- The preliminary environmental and other impacts of the Project and initial proposals for mitigation.

We have lots of information available on our website, including the consultation brochure, Preliminary Environmental Information (PEI) Report, PEI Report Non-Technical Summary, Statement of Community Consultation, consultation Frequently Asked Questions and more, to explain the proposals so you can understand how they might affect you.

You can find out more by:

- Visiting the consultation website at www.HampshireWTWRP.co.uk
- Attending one of **six consultation events** across south Hampshire
- Viewing reference copies of the consultation materials at one of **nine deposit locations**, as well as online at our website.

Deposit Locations

Bishop's Waltham Library Free Street, Bishop's Waltham, Southampton, SO32 1EE	Cosham Library Spur Road, Cosham, Portsmouth, PO6 3EB
Eastleigh Library 1 Swan Centre, Eastleigh, SO50 5SF	Fair Oak Community Library Campbell Way, Fair Oak, Eastleigh, SO50 7AX
