Dear Mr Huckfield,

BAMPTON HOUSE, HURSLEY ROAD, CHANDLER'S FORD, EASTLEIGH, SO53 2TA

Erection of bin storage compound

In regard to application F/24/97229, having reviewed the information contained within the application pack, there would be no objection to the proposals in principle.

No access alterations from the site to the highway are proposed, and even with the loss of two rear tandem vehicle parking spaces / hatched area, there remains adequate parking within the on-site car park to cater for the 11 x 1-bed and 2 x 2-bed flats which are located on the site, particularly given its sustainable location.

However, it is noted that with the two frontal parking spaces remaining, there will be no way of getting the bins out of the hatched area, and to the refuse collection vehicle if cars are parked.

As such, plans should be clearly updated to demonstrate the route of the bins to the refuse vehicles so that this can be assessed accordingly.

Yours sincerely,

Matt Grantham
