

APPLICATION NO F/24/97713

15.7.24

Dear Sirs/Rebecca
Altman

I am writing in connection with the above Planning Application with which I absolutely agree. Please consider very carefully to opening up the entrance as we (my husband and I) have lived at this Retirement village for 9 years and feel it should have been opened when the village was built. It is difficult sometimes to the one opening having people entering and exiting the same opening. Please consider in our favour.
Yours faithfully R. Dondson (H/O)
