

Planning Resolution Ltd

Dear Philip

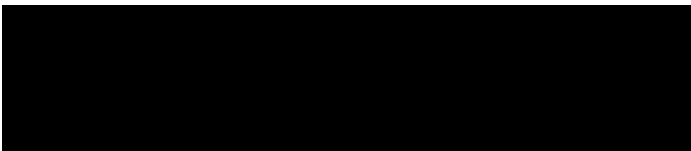

I am writing to you as the Director of Blue Diamond Technologies Ltd, as former tenant of Rolwey House, School Close until our recent move to another nearby light industrial unit and as a Director of Rolwey Group Ltd, the current owner of Rolwey House

The existing Rolwey House building was used by Blue Diamond Technologies since 2000. The building was used as the firm's head offices with offices at part ground and first floor alongside the specialist small scale parts manufacturing and distribution works area. On this basis I understand that the building would be classed as a Class E (previously Class B1 of the Use Class Order) building.

The firm vacated the building in 2023 and has now relocated to another industrial building on Mayflower Close on the Chandler's Ford Industrial Estate in Eastleigh.

If you require any further information or photographs of the former building when in use by us, feel free to call. Alternatively feel free to visit us at our new premises."

Kind regards

Richard J Worley
Director
