TREE PROTECTION STATUS

Hayden's sourced TPO & Conservation Area status from the Local Planning Authority's Online Mapping System on 30/07/2024.

We were informed that:

- TPO's are present on site
- The site is not located within a conservation area

We would advise it prudent that before any tree work commences, this is checked directly with the Local Planning Authority to confirm that their online mapping system is definitive.

NOTE:

Hayden's Arboricultural Consultants were not provided with a Topographical Survey or Base Plan showing the positions of the trees/landscape features on this site, so their locations have been fixed using GPS. As such the position of the trees/landscape features should not be taken as exact but gives a fair distribution of their locations on site.

LEGEND

Surveyed Tree/Feature to be Retained

Surveyed Tree/Feature Removal recommended if agreed by owner of tree

Tree requiring work within 6 Months - Priority 2

Tree requiring work within 1 year - Priority 3

Tree requiring no works at present

Additional feature which doesn't meet BS 5837: 2012 categorisation but is included for reference
