F/24/9746.

I would say no to the planning development of Holly bank rest home for these reasons.

① their property is very very close to mine I can see the bedrooms communal room and the Kitchen from my bedroom living room Kitchen and Conservatory. their kitchen is opposite my bedroom and the noise is horrendous ie pots and pans cups and saucers plates cutlery and doors banging washer dryers and the generator on the roof makes enough noise all night and day (all of above is night and day especially with the washer dryer) when the door is shut we don't hear the noise coming from the kitchen only the generator on the roof we hear. we had a agreement with the manager to shut the door at 9pm but not all staff do it. I've had to get out of my bed at night to ring the home about the noise and the staff have been rude to me (if I don't like the

noise why don't I move how rude is that 1. I go to work having to start at 5 in the morning and I want my sleep at night I know it can be done through lock down when we had covid there was no noise what so ever the owners and mangement need to talk to there staff about noise and the door being shut at 9pm.

② I can see people at the bedroom window from all of my rooms.
I can also hear when they have a singer in the communal room

③ I can smell when they are cooking breakfast in the morning ie bacon and eggs and when they cooking other meals

④ alexandra way is a very busy road there are cars there all of the time as well as the home staff parking there we also have mothers dropping children off for school and winchester street parking there all weekend work vans stay Friday till monday my family when they come to see me have to park down by the shops and one of them is disabled. my husband is disabled and where there is so many cars parked up he really struggles to get in our driveway

Winchester Street is a bus route there is also lots of cars parked the bus also struggles to get through and bin men when we have the bins empty they struggle as well.

⑤ there waste bins are at the back of my garden which cause a lot of flies buzzing around my garden

Up our road we have all bought our homes to have a decent life I don't make any noise because I respect the residential home but I feel that they don't respect us and we are being pushed out of our homes by the constant planning permission that keep asking for when is this going to stop.

Thank you

Caroline doe.
