Subject: Re: X/24/97416 and X/24/97426 - Revised house types on Boorley Gardens Phases 1h, 1i and 3d

Hi Liz,

X/24/97416 - having checked each area, I can confirm no proposed trees have been lost. Any amendments to hedging and shrub planting are minor. These revised plans are therefore approved.

X/24/97426 - the layout on this site has been amended in a more significant way, so the changes to the planting arrangement are obvious. Having checked the revised plans against the original, I am content that the new planting layout is acceptable, so these plans can also be approved.
