Prior to commencement of development, a preliminary bat roost assessment shall be submitted to and approved in writing by the Local Planning Authority. This assessment shall also include mitigation measures and biodiversity enhancements. The approved measures shall then be implemented in full prior to first occupation and maintained for the lifetime of the development.

Reason: To ensure that protected species are not adversely impacted upon as a result of the development.

No construction or demolition work shall start until a Construction Environmental Management Plan has been submitted to, and approved in writing by, the Local Planning Authority. This plan must contain a precautionary working method to protect reptiles, amphibians, hedgehogs, and stag beetles. It must also contain methods that will be used to protect the stream and pond from pollution including sediment from the building works.

Reason: To ensure that protected species are not adversely impacted upon as a result of the development.

Prior to the commencement of development, the developer must advise the local authority, in

consultation with Southern Water, of measures which will be undertaken to protect the public sewers.

Reason: To protect drainage apparatus.
