Hi Alex,

There is a mature tree (willow?) in relatively close proximity to the proposed structure, and some other vegetation. We have no objection to the removal (if required) of the vegetation, and, ultimately, the tree, whilst providing amenity, isn't best suited to that position due to the overhead cables. The tree is not protected by a TPO and we would not be adverse to its removal (if required).

Therefore, we have no arboricultural objection to the proposal.

Kind regards,

Chris.
